- Updates to ISS BME Console Handbook (BCHB):
 - Vol 2, Sec 7: Log Notes – Deleted the Chit and AR trackers, and added the Increment Actions tracker.
 - Vol 2, Sec 14.1: Emergency Medical Capabilities – Updated to reflect the new locations for all of the medical equipment since the CHeCS rack was de-commissioned.
 - Vol 2 , Sec 22: As Needed Med Ops Maintenance Activities – Added this section to document as needed Med Ops maintenance activities since they are no longer included in the IDRD Annex 4.
 - Vol 2, Attachment 1: ISS Power Router Salvos Cheat Sheet – Reflects updates that were made to Power Router salvos.

- Please help to keep your BCHB as up to date as possible. If you would like to make a change, addition, deletion, etc., please fill out a CR Form:
 - BCHB Volume 1: BCHB CR Form
- Submit CR Form to BCHB Book Manager (me).
- Once approved by ISS BME Lead, the BCHB will be updated as soon as possible by the Book Manager.
